Mayor	Director of Corporate Services

# THE DISTRICT OF HOPE RECORD OF A PUBLIC HEARING

Monday, March 11, 2024 Council Chambers, District of Hope Municipal Office 325 Wallace Street, Hope, British Columbia

Council Members Present: Mayor Victor Smith

Councillor Scott Medlock
Councillor Angela Skoglund
Councillor Pauline Newbigging
Councillor Heather Stewin
Councillor Dusty Smith
Councillor Zachary Wells

Staff Present: Kevin Dicken, Director of Operations/Deputy CAO

Donna Bellingham, Director of Corporate Services Robin Beukens, Director of Community Development

Mike Olson, Director of Finance

Branden Morgan, Deputy Corporate Officer

Gurvinder Sodhi, Communications and Network Analysis Advisor

Others Present: 2 members of the Public

Mayor Smith called the Public Hearing to order at 6:30 p.m.

The purpose of the Public Hearing is to hear input on amendments to the *District of Hope Official Community Plan Bylaw No. 1378, 2016* and *District of Hope Zoning Bylaw No. 1324, 2012*.

## District of Hope Official Community Plan Amendment Bylaw No. 1571, 2024:

To redesignate the land use designation in the Official Community Plan for the property at 63010 Flood Hope Road from Highway Commercial to Light Service Industry to allow for a future light industrial development.

# • District of Hope Zoning Amendment Bylaw No. 1572, 2024:

To rezone the property at 63010 Flood Hope Road from Highway Commercial (C-2) to Light/Service Industrial (I-2) to allow for a future light industrial development.

Since the property owner/applicant and the one Rate Payers Association member were the only people attendance the Public Hearing Chairperson's Statement was not read. The Director of Corporate Services advised that no written submissions were received. The Director of Community Development gave a brief overview of the proposed bylaw.

The Mayor called for any questions or comments from the public or members of Council.

Council inquired as to whether the applicant intended to create a business similar to the My Garage facility on the nieghboring property. The applicant advised that the intent is to create a business park that businesses can operate out of. He noted that this usage will compliment what is offered by My Garage which does not allow businesses to operate on site.

Council inquired as to whether this property will have issues with elevation or floodplains. The Director of Community Development advised that the property is in a flood and erosion development permit area and a permit will need to be applied for. He added that the applicant intends to extend a sewer connection to the property and install a well for water.

Council inquired as to the difference between Highway Commercial and Light/Service Industry zonings. The Director of Community Development advised that they are similar, but Light/Service Industry will allow for more diverse usage, such as the operation of businesses and the storage of materials.

The Mayor called again for any questions or comments from the public or members of Council; hearing none, the Mayor declared the Public Hearing closed at 6:35 p.m.

# DISTRICT OF HOPE REPORT/RECOMMENDATION TO COUNCIL

REPORT DATE: March 20, 2024 FILE: LDP 01/24

**SUBMITTED BY:** Robin Beukens, Director of Community Development

MEETING DATE: March 25, 2024

SUBJECT: DEVELOPMENT VARIANCE PERMIT (DVP)

320 FORT STREET; HOPE, BC MIKE MAMMONE (AGENT)

#### **PURPOSE:**

To obtain Council's authorization to approve a request to vary a number of variances related to parking and driveway access in order for the applicant to proceed with a mixed-use building.

#### **RECOMMENDATION:**

THAT Council approve the issuance of a Development Variance Permit in order to:

- vary the required off street parking stalls for the mixed-use building from thirteen (13) parking stalls to eight (8) motorcycle parking stalls;
- vary the size of the parking stalls from 2.7 metres wide and 5.5 metres long to 1.5 metres wide and 2.4 meters long;
- vary the manoeuvering aisle width for 90 degree turns from 7 metres to 4.5 metres;
- vary the siting for parking from the rear lot line from 1 metre to 0.4 metres;
- vary the driveway access width from 6 metres to 3 metres;

in order to facilitate the development a café and motor inn for motorcycle enthusiasts for the property legally described as Lot 2 Section 9 TWP 5 RGE 26 W6M YDYD Plan 753; PID 012-083-399; 320 Fort Street; and

FURTHER THAT the Director of Community Development be authorized to endorse the Development Variance Permit; and

FURTHER THAT for the purposes of Section 504 of the Local Government Act, "substantially start" shall mean the completion of the footings or foundation for the mixed-use building development.

#### **ANALYSIS:**

#### A. Rationale:

At the March 11, 2024 meeting, Council passed a resolution to approve a Downtown Hope Revitalization Form and Character Development Permit for a mixed-use building consisting of a ground floor cafe and a motor inn above. Council further supported the preparation of a Development Variance Permit to for several variances related to parking and driveway access.

The project entails a ground-floor café with motor inn accommodations on the second floor, featuring modified shipping containers with steel frame structure to evoke an industrial theme. Both the café and motor inn are targeted at motorcycle enthusiasts. The motor inn component above the ground floor is to have four (4) units.

On March 13, 2024 notices were mailed out to the registered property owners within a 50 metre radius of the subject property exceeding the requirements of Bylaw 13/93. As of the date of this report, the District of Hope has received no concerns. District staff continues to support this development variance request.

#### B. Official Community Plan (OCP) Bylaw 1378

As per the Official Community Plan adopted by Council, the three questions to be consistently asked in all levels and types of decision are:

- 1. Does the development move Hope toward our vision and goals for success and sustainability? Is it aligned with our OCP objectives and policies?

  This development could net out two Community Land Use & Growth Management goals:
  - Compact, connected, and walkable built environment; and
  - Economic and community development
- 2. Is it a flexible platform for future steps towards our vision, goals and objectives? *This platform is flexible and requires Council approval.*
- 3. Will it provide a good return on investment?

  This proposal would add to the commercial tax base.

THAT a Downtown Hope Revitalization Form and Character Development Permit for the construction of an apartment building be approved for the property legally described as Lot 1 Section 16 TWP 5 RGE 26 W6M YDYD Plan 9850, PID 009-640-118, 444 Trans Canada Highway; and

FURTHER THAT the Director of Community Development be authorized to approve minor changes to the Downtown Hope Revitalization Form and Character Development Permit; and

FURTHER THAT for purposes of the Development Permit validity period, the conditions of the Development Permit shall expire on March 25, 2026; and

FURTHER THAT for purposes of Section 504 of the Local Government Act, "substantially start of construction" shall mean the completion of an approved foundation for the proposed structure as certified safe by a qualified professional.

#### **ANALYSIS:**

#### A. Rationale:

#### Background -

The subject property is approximately 35,980 square feet and is located on vacant land which is a "gateway" parcel to the downtown corridor. Many, many years ago, the site was occupied by a Texaco Service Station. The service station was eventually demolished and the site has been left vacant for numerous years. The site went through the Ministry of Environment's prescribed remediation and was issued a Certificate of Compliance.

On December 9, 2019, Bylaw 1442 was adopted to rezone the subject property from Highway Commercial (C-2) to Commercial Transition (C-5). In September 2020, Bylaw 1487 was adopted to alter the maximum density and to encourage development and creation of new housing units by increasing the number of apartments permitted on a site within specific zones, including the Commercial Transition (C-5) Zone.

A development permit was previously approved on March 9, 2020. This permit has expired. The proponent is applying for another development permit with the intention of proceeding with the development. The current rendering has minor revisions from the development permit approved in 2020.

<u>Proposal</u> – As per the color rendering attached, the developer's intent is to construct a four storey thirty (30) unit apartment building. The subject property is zoned as Commercial Transition (C-5).

<u>Form & Character Development Permit (DP)</u> – The development meets the majority of the expectations of the Downtown Hope Revitalization Form and Character DP.

Council should note the attached drawing will form part of the actual Development Permit.

#### B. Official Community Plan Bylaw 1378

As per the Official Community Plan, the three questions to be consistently asked in all levels and types of decision are:

1. Does the development move Hope toward our vision and goals for success and sustainability? Is it aligned with our OCP objectives and policies?

This development could net out two Community Land Use & Growth Management goals:

- Compact, connected, and walkable built environment; and
- Economic and community development.

It is aligned with the following objectives & policies:

- To encourage the densification of the Downtown core to facilitate potential transit service.
- Focus the development of residential land uses in locations within a close walk to community services and facilities in the downtown core.

This development could net one Community Residential Land Uses & Housing goal:

Include a diversity of housing to meet the community needs.

It is aligned with the objective to encourage proposals that integrate affordable housing throughout the community, rather than segregate or concentrate it in specific areas.

- 2. Is it a flexible platform for future steps towards our vision, goals and objectives?

  This platform is flexible; however, this proposal is aligned with the goals and objectives of the community vision.
- 3. Will it provide a good return on investment?

Overall, there should be a good return on investment on the long-term horizon. This development would add residential units into the downtown area.
